5. TEMATICS OF PRACTICAL TRAINING

PRACTICAL TRAINING № 1.

Topic 1. Theoretical and conceptual apparatus of the study of international migration

Purpose: Study of the concept, subject, method and system of international migration

Questions for discussion:

1. The main theoretical approaches to the study of international migration: functional, historical-structural, economic, sociological.
2. Two main groups of theories of migration: migration theories of equilibrium, space-time "transitive" theories of migration.
3. The main stages development of international migration: the period of mercantilism, the industrial period, period of limited migration, period of post-industrial migration.

Questions for discussion:

PRACTICAL TRAINING № 2.

Topic 2. Socio-economic essence of migration in the international dimension

Purpose: Study of the socio-economic essence of migration

Questions for discussion:

1. Historical development and features of the formation of international labor migration.
2. Theories international labor migration. Sources of data on international migration.
3. Characteristics of the migration situation in the world in the context of globalization. Interaction of world problems and international migration.
4. Directions for solution global problems in order to counteract the negative effects of changes in migration processes.

PRACTICAL TRAINING № 3.

Topic 3. International institutional framework for migration regulation processes. Legal regulation of illegal migration

Purpose: To study migration processes and international organizations in the field of migration

Questions for discussion:

1. Migration processes. Management of migration processes as a political one problem.
2. The concept of migration law, its subject, methods and functions. Subjects migration law. Sources of migration law.

3. International organizations with migration. Office of the United Nations High Commissioner for Refugees (UNHCR), International Organization for Migration (IOM), International Labor Organization (ILO).

4. Concept "Refugee" in the Convention (1951) and the Protocol (1967). The concept of "forced migrants".

PRACTICAL TRAINING № 4.

Topic 4. Current trends in migration processes in Europe and challenges for EU migration policy

Purpose: To study the current trends of migration processes in Europe

Questions for discussion:

1. Problems and prospects of EU migration policy. Europeanization in the field migration: the external dimension of the EU.
2. Cooperation between Ukraine and the EU on migration issues. Europe's need for an influx of young people. Demographic crisis in the European Union.
3. The needs of the European market human resources as a challenge for migration policy. European migration crisis: 2015 -... Causes of mass migration. Internal problems in the countries of origin migrants. External problems. EU problems.
4. Routes of movement of migrants and their control.

PRACTICAL TRAINING № 5.

Topic 5. Migration processes and policies in Central Europe

Purpose: To study migration processes and international organizations in the field of migration

Questions for discussion:

1. The impact of EU enlargement on migration processes in Central Europe. Labor migration as a phenomenon of the fall of the "iron curtain".
2. Pendulum border migration to neighboring countries. The impact of migration in Central Europe
3. EU at the turn of the XX-XXI centuries as a factor in shaping the transition period for introduction of free movement within the EU.
4. The demographic crisis in Europe and the impact on the movement of citizens to and from countries.

PRACTICAL TRAINING № 6.

Topic 6. Migration policy in Ukraine

Purpose: To study and analyze migration policy in ensuring national security

Questions for discussion:

1. The concept of state migration policy.
2. Migration policy in ensuring national security. Features of emigration regulation processes in Ukraine.
3. Legal regulation and procedure for departure of citizens abroad and return to Ukraine.
4. Conditions and procedure for immigration to Ukraine. About approval of the Strategy of the state migration policy of Ukraine for the period till 2025 year.

6. Complex practical, individual task

Complex Practical Individual Task (CPIT) is a form of training designed to deepen, summarize and consolidate the knowledge that students receive in the learning process, as well as the application of this knowledge in practice. CPIT is performed by students independently under the supervision of teachers; this is the completed theoretical or practical work within the curriculum of the course, which is executed on the basis of knowledge, skills and skills obtained during the process of lectures, practical classes.

Complex Practical Individual Task of the applicant in the discipline "Migration Processes in international relations" provides preparation by applicants of presentations on one of the offered subjects.

Topics for presentations:

1. Ukrainian migration to Poland.
2. Ukrainian migration to the Czech Republic
3. Migration from Ukraine to the Slovak Republic
4. Features of migration processes on the Ukrainian-Hungarian border and in Hungary.
5. Migration from Ukraine to the European Union (other)
6. Labor migration of Ukrainians: positive results and losses.
7. The origins of the European migration crisis of 2020
8. Quotas and redistribution of migrants as a challenge to the European migration crisis
9. Deportation and detention of refugees.

10. Protection of external borders from refugees

7. Student self-study

Independent work as the main form of learning by the student of the educational material at the time, free of compulsory classes and without the participation of the teacher, involves a personal, self-centered organization of student learning.

| № | Topics |
|----------|--|
| 1. | Topic 1. Theoretical and conceptual apparatus of the study of international migration |
| 2. | Topic 2. Socio-economic essence of migration in the international dimension |
| 3. | Topic 3. International institutional framework for migration regulation processes. Legal regulation of illegal migration |
| 4. | Topic 4. Current trends in migration processes in Europe and challenges for EU migration policy |
| 5. | Topic 5. Migration processes and policies in Central Europe |
| 6. | Topic 6. Migration policy in Ukraine |

8. Training on discipline

Training is the planned process of modifying (changing) the attitude, knowledge or behavioral skills of the learner, by acquiring learning experience in order to achieve effective performance in one type of activity or in a particular field. Training (from English to train - to bring up, train) - a set of exercises for training in something. Training - a system for preparing the human body to adapt it to the increased demands and difficult conditions of work and life.

The order of the training

1. The introductory part is conducted in order to familiarize students with the topic of the training session.

2. The organizational part is to create a working mood in the team of students, determine the rules of conducting a training session. It is possible to have handouts in the form of tables, forms of documents.

3. Practical part is realized by performing tasks in groups of students on certain issues of the subject of the training session.

4. Summing up. The results of the tasks performed in the groups are discussed. Exchange of views on the issues that were put on training sessions.

Training topics

1. Illegal migration as a typical phenomenon of modern immigration processes.
2. Human rights - a migrant (refugee).

9. Means of evaluation and methods of demonstrating learning outcomes

In the process of studying the discipline "Migration processes in international relations", evaluation tools and methods of demonstrating learning results are used: current survey; credit module survey; team projects; analytical reports, abstracts, essays; presentations of the results of completed tasks and research; rector's control work. The final form of control is an exam. When studying the academic discipline "Migration processes in international relations", the following teaching methods are used: lectures, practical classes, individual classes, performing scientific works under the guidance of a teacher.

10. Criteria, forms of current and final control

The final score (on a 100-point scale) in the discipline "Migration processes in international relations" is defined as the weighted average, depending on the proportion of each component of the loan:

| Credit module 1 | Credit module 2 | Credit module 3 |
|---|--|---|
| 30 | 40 | 30 |
| Oral survey during classes (1-3 topics) - 10 points per topic - max.30 points Module control work - max. 70 points | Oral survey during classes (4-6 topics) - 10 points per topic - max. 30 points Module control work - max. 70 points | Preparation of CPIT - max. 40 points. Protection of CPIT - max. 40 points Participation in trainings - max. 20 points |

Grading scale:

| On the scale university | On the national scale | On the ECTS scale |
|-------------------------|-----------------------|-------------------|
| 90-100 | excellent | A (excellent) |
| 85-89 | good | B (very good) |

| | | |
|-------|------------------|--|
| 75-84 | | C (good) |
| 65-74 | satisfactory | D (satisfactory) |
| 60-64 | | E (enough) |
| 35-59 | non-satisfactory | FX (non-satisfactory with possibility of repeated passing) |
| 1-34 | | F (non-satisfactory with repeated cours of lectures) |

11. List of guidelines and materials

| № з/п | Visual materials | Topics |
|---|---|--------|
